Ramil Mamedov

Programmer & Engineer

I am a programmer seeking a full-time position in the field of computer technologies. I enjoy learning new languages and development techniques.
I am adept at the understanding of data structures, algorithms, back-end & front-end developments as well.
But I prefer front-end more because I'm so attentive to details, accuracy, and pixel perfect is important to me.

Address

Azerbaijan, Baku. Yasamal, Sharifzade 160a, Apt 107. Postal code: AZ1122.

Education

Dec 2016 - Jun 2017 *Web Programming*	**Code Academy**
	I started studying programming for personal interests. Then I decided to improve my knowledge in the 'Code Academy'. Link to my "certificate of graduation".

Sep 2014 - Jun 2018 *Bachelor of Civil Engineering*	**Azerbaijan State Oil & Industrial University**
	I studied at Faculty of Information Technologies and Management. My average score for the entire study period was 93.4 out of 100. Link to my transcript.

Sep 2003 - Jun 2014 *Secondary School*	**Secondary School №167**
	My favorite subjects at school were physics, computer science, and chemistry. In 4th and 5th grade, by my marks, I was the first in the school.

Experience

Jul 2017 - Feb 2018 *Mentor*	**Code Academy**
	Upon successful completion of the requirement, I have been hired to work as an assistant to the teacher. I taught 16 students in my class.

Dec 2016 - Jan 2017 *IT Support Specialist*	**Azerbaijan State Oil & Industrial University**
	I worked at the university as an IT support specialist and fixed errors in software and hardware. I approximately repaired 4 or 5 computers for a day.

May 2015 - Jun 2015 *Workforce Specialist*	**European Games - Baku 2015**
	I worked at the Tofig Bahramov Stadium, in the Archery field. I also was a professional archer. I won the gold, 2 silver, and bronze medal at the championship of the Republic.
